The Knight Baronet

The Knight Baronet is the first of the peerage ranks of Men of Iron.

To become a knight baronet is a great achievement. It requires that a knight be more than a warrior, it asks them to be a mentor and a committed member to the cause of iron sharpening iron. For those seeking to become a Guildmaster, this is very important as they cannot reach the level of Guildmaster without first becoming a Knight Baronet.

The requirements are not just a task to be completed by one individual. These center on serving others in various ways that not only help you but others and the organization of Men of Iron.

The requirements to become a Knight Baronet are:

- Must be a Knight
- Be an active member for 4 years.
- Mentor 6 members to become a Page.
- Mentor 4 Pages to become Squires
- Mentor 2 Squires to become Knights
- Participate in 3 separate Tournament events
- Assist in conducting 3 separate Quest for the Cross events
- Assist in conducting a Knights Ordeal

These requirements are cumulative from the time you become a member. It is not necessary to begin seeking out members for advancement after becoming a Knight. The only stipulation on this is that you cannot be a Page helping other Pages to become a Squire or a Squire helping other Squires to become a Knight. You must first be advanced to that level before you can mentor someone else to that same level.

Each of these requirements must be verified by your Head of Household and your local Baron when submitting your application for advancement.

After the application is processed and confirmed, a public ceremony will be conducted by the Baron, Earl, Duke or member of the Royal Council at which the new Knight Baronet will be formally recognized as a new Peer.

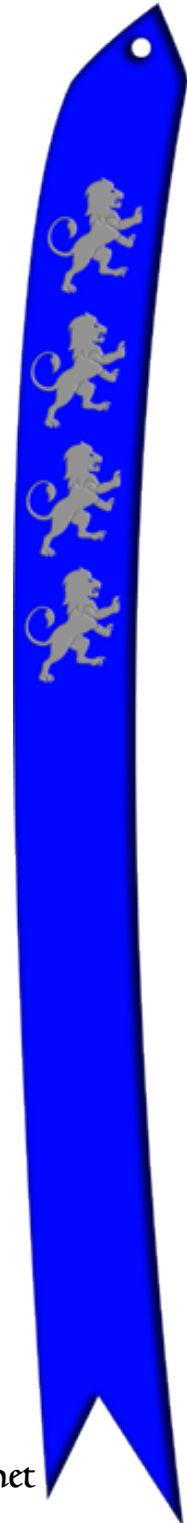

The new Knight Baronet will then be permitted to wear the Knight Baronets coronet, he will be awarded the Knight Baronets medallion and ribbon, he will be presented the Knight Baronets ribbon to be fixed to his pennon, and his arms will be updated with the Knight Baronet coronet and collar to his personal and full display of arms.
